All Form 1C fields must be completed. Supervising Adult must complete items #1-6 and sign the document.

Students must display a completed copy of Form 1C along with the poster board.

A university or medical center are two examples of regulated research institutions. Consult the ISEF Rules and Guidelines for more information.

If project includes human participants, vertebrate animals, or hazardous biological agents, IRB approval must be received prior to experimentation and prior to completion of Form 1C.
